Saskatoon Berry & Chia Seed – Lipoid Kosmetik's new Trend Products

Published: 18-Jan-2016 | Format: PDF file  | Document type: White / Technical Paper

Related applications: Hair Care , Skin Care

Saskatoon Berry - The Canadian Power.

Saskatoon Berries are a perfect example of a trending superfood. Already the Crees, one of the largest groups of Native Americans, took full advantage of the purple blue berry which is extremely rich in vitamins, minerals and flavonoids.

Chia Seed – Power of the Aztec Warriors.

Chia Seeds and their wide-ranging benefits have a long history of cultivation and use in South America. Already known to the ancient Maya and Aztec culture, Chia was used as an exceptional source for energy, strength and health.
