

PhytoCodine®

Article No.	410217.00.2
Plant Name	Siberian Pine, Siberian Ginseng
INCI of Plant Material	Pinus Sibirica Seedcake Extract, Acanthopanax Senticosus Root Extract

Description

PhytoCodine® is a natural activator of extracellular matrix proteins with skin rejuvenating properties. It contains plant-derived, matrikine-like, bioactive peptides from enzymatic cleavage of Pinus sibirica seed proteins, encapsulated in a liposomal carrier system, all embedded in a glycerinic matrix of Siberian ginseng extract.

Product Property

Product Type	Actives
Plant Part	Seeds, Roots
Plant Quality	Conventional
Solvent System	Glycerin
Preservation System	Preservative-free/ Self-preserving

Cosmetic Claim

Proven Product Efficacy	Anti-Wrinkle, Firming & Lifting
Attributed Plant Property	Anti-aging, Skin Regeneration

Trends & Topics

Sustainability Themes	Upcycling, Plant-Based Alternatives
Around the World	Extreme Environments, The Nordics
Cosmetic Applications	Well-Being
Inspired by Food	none

Product Conformity
